Create a Filing Masterpiece

KEEPING YOU ORGANIZED®

Viewables® Color Labeling System 4.0 brings state-ofthe-art efficiency to any drawer filing system.

- NEW! Choose from multiple fonts and custom colors!
- Create custom color-coded labels on your PC
- Eliminate misfiled folders
- Find files faster

Viewables labels color code your files for better filing efficiency.

Customize

- Launch the software, select your label style and begin typing; it's that easy
- Version 4.0 allows you to fully customize your colors and fonts
- Select ready-to-print suggested labels to save time

Print

- Reuse label sheets software remembers which label positions were already printed, no wasted labels
- Print different styles of labels hanging, standard top tab, end tab and oversized labels all on the same sheet

Organize

- Large, colorful labels make it easy to find and sort files.
- · Quickly identify and re-sort misfiled folders
